Using either a Ren or Caudalie (depending on skin type) body scrub we remove all the dead skin from the body and encourage the blood flow to create a smooth silky base. We then finish using our oil to hydrate the skin. A incredibly luxurious treatment!

P.S please be aware that we do not have a shower on site but we do use warm towels to remove the scrub.

# Lashes

Lash Lift & Tint (45 minutes) with Elise

£50

If you don't want to use actual lash extensions this is the perfect middle ground. We curl your lashes and tint them darker so that they look thicker and longer. They also don't damage your lashes which is a big plus.

Classic Lash Extensions (2 Hours) with Elise

£60

We use cruelty free synthetic lashes to create a natural or dramatic set of lashes. It is fiddly work which is why it takes so long, however the results are amazing! Great for if you need them for a few weeks for a celebration or over a longer period of time.

Please note: that you will need a patch test using the glue minimum of 24 hours before. We will not put lashes on if this hasn't been done. This is for your safety.

# Lashes

Classic Lash Extension Infills (45 Mins) with Elise  
£25

After a few weeks you can have a top up of lashes. This is recommended if you wish to have them looking fresh.

Please note: we will not perform infills on lashes that have been put on elsewhere, mainly because they may use different lashes and glue and they may not look the best.

Removal of Classic Lash Extensions (10 mins)  
Free

If we have put the lashes on we will take them off, simple as that. We will not remove lashes that have been put on elsewhere, we are sorry for the inconvenience but it is for the hygiene and safety of your eyes.

# Body Treatments

Anti-Cellulite Massage (1 Hour) with Mariangela  
£55 for one session / £250 for 5 sessions

This is our only treatment where we offer a package deal. This is because although one is good if you wish to try it is only effective if you continue with the treatment. It isn't for the faint hearted and due to its effectiveness it can be quite painful!

However we believe the results are worth it :)

Luxurious Candle Massage (1 Hour) with Mariangela
